

# Brett Lethbridge

Brett Lethbridge's creative talent and inspiring artistic pursuits are establishing him as one of Australia's most exciting young artists.

Having finished a degree in Law, Brett took hold of his vocation and began drawing and painting in 1998. Winning numerous awards and on the encouragement of his friends Brett decided to extend his artistic pursuits in Europe. A year in Siena, Italy was followed by numerous international exhibitions including Singapore, Germany, New York, and Romero Britto's gallery in Miami, Florida.

Returning to Australia, Brett continued to develop his vision and artistic creations with passion, energy and commitment resulting in the opening of the Lethbridge Gallery in May 2004. He exhibits annually in Sydney and Melbourne and has regular showings of new creations at his own gallery in Brisbane. The gallery has proved very popular as a home for Lethbridge's newest paintings, and to provide a space in which other artists and art lovers can share the creative world.
